

**Supplement Name: MacDonald, John**

Date/Name: Wed Jan 06 17:04:08 PST 2016 J.MacDonald

I was assigned to bring Truck 2 to the above location after I had returned to work on the call back. I assumed Truck 2 Captain and FF Hoover and I took Truck 2 to the fire and reported to Sub IC. Sub IC assigned T2 to Division C. We were instructed to set up for defensive fire attack. At this point, the building was well evolved especially on side Alpha Delta. T2 set up for defensive operation and stayed at our location on side Delta for multiple hours. As the fire progressed T2 was re-assigned to Division Alpha. T2 set up on the Alpha Bravo corner and began defensive fire attack with our goal being to prevent the fire from extending to the neighboring business.

After knockdown of the fire, Truck 2 was assigned to stay at the structure overnight and continue to put out hot spots. Throughout the night T2 put out multiple flair ups and hot spots. T2 was released and returned the next morning.
